

- ◆ Have there been problems with the present system?
 - _ cleaning result
 - _ liability
 - _ water supply/reclaim
 - _ detergent supply
-

2. Questions to the new plant

- ◆ What has to be replaced/newly installed?
 - _ wash plant
 - _ water supply system
 - _ water recycling system
 - _ detergent/chemical
 - _ neutralisation/water treatment
 - _ detergent dosing system
- ◆ What is the required space where the plant has to be fit in?
 - * length
 - * width
 - * height
- ◆ Is an equipment room available? * sizes
- ◆ Kind of wash shed/wash pad?
 - _ with overhead wire
 - _ with supply line near the floor
 - _ Dead end wash hall
 - _ Drive through wash hall
- ◆ Type of vehicle?
 - * geometry (please provide drawings with measurements)
 - * composition
- ◆ What kind of contaminations have to be coped with?
 - _ oil/grease
 - _ dust/dirt
 - _ flies/insects
 - _ carbon
 - _ heavy metals (break dust, overhead wire)
- ◆ Throughput of plant: How many of the proposed vehicles have to be washed per hour/ per day?

-
- ◆ Wash frequency: How often are the vehicles to be washed?
-

- ◆ Is preference there for?
 - _ drive-through system
 - _ stationary wash system

- ◆ Which areas of the vehicle have to be washed?
 - _ front/rear end
 - _ side
 - _ side skirts
 - _ roof
 - _ roof edge

 - ◆ Are any types of detergents to be used specified or is it up to the supplier to choose the correct one?
-

- ◆ Are there any requirements regarding material of plant?
 - _ carbon steel coated
 - _ carbon steel galvanized and coated
 - _ acid resistant coating
 - _ stainless steel

 - ◆ Budget limits available?
-

- ◆ What is the time-frame foreseen for the project?
-

- ◆ What kind of water reclaim system is required, if any?
 - _ mechanical filtration and recycling, including aeration system
 - _ no reclaim system
 - _ neutralization
 - _ water treatment
 - * what recycling ratio is required, if any
 - * would there be enough space for treatment
- plant

- ◆ Are there limitations to services such as (please specify):
 - _ fresh water supply
 - _ used water drainage to sewage
 - _ electrical energy
 - _ carriage access to plant
- _ detergent supply
